

Legislative Priorities for Voting 2021

The League advocates for

- **Methods that increase voter participation, including automatic voter registration and same-day voter registration;**
- **Systems that improve the election experience and provide ease of ballot access including vote-by-mail, supplemented by secure ballot drop boxes and accessible voting centers;**
- **An all-inclusive system of voting that allows all registered voters to participate in the primary election, so that**
 - a. voters who are not enrolled in a major political party may vote on one ballot per primary without having to enroll in that particular party, and**
 - b. voters enrolled in a major political party can vote only on the ballot of their party.**
