

## **Legislative Priorities for Natural Resources 2021**

*The League of Women Voters of New Mexico believes that government should promote and ensure responsible stewardship of our natural resources.*

### ***LWVNM advocates for***

- policies and incentives that reduce greenhouse gas emissions by developing clean, renewable energy sources;
- minimizing water contamination in order to promote the health and safety of all life;
- strong measures to promote conservation of energy and water;
- preserving open space and natural habitat for wildlife by identifying and regulating areas of critical concern including fragile areas, wildlife corridors, historic areas, riparian habitats, and natural hazard lands;
- assessing the impact of any transfer of water rights on the area of origin.
